

# GUILFORD FOUNDATION

2017 Annual Report

Live here. Give here.

*The mission of the Guilford Foundation is to connect people who care to the causes that matter to them to enrich the quality of life in Guilford; now and for generations to come.*

*The Guilford Foundation was established in 1975 as a public foundation to enrich the quality of life in Guilford, forever. We fulfill our mission by building and maintaining a charitable endowment and using a portion of the annual income to address the needs of the Guilford community.*

# A letter from the Board Chair and Executive Director

Thanks to you, our dedicated supporters, the Guilford Foundation closed 2016 with another year of strong growth and meaningful impact.

We invested just under \$100,000 into the community through leadership initiatives, grants (36 awards ranging from \$250 to \$5,000), and scholarships and prizes to 13 Guilford High School graduating seniors. That compares with \$79,000 in the fiscal year ended January 2016 and \$90,000 in fiscal 2015.

Thanks to the incredible support of our community, the Guilford Foundation's 40th Anniversary Fund Drive closed with over \$150,000 in new gifts. This is a direct reflection of the generous community spirit that pervades Guilford. The purpose of the drive was to generate significant income during our 40th year and create a meaningful addition to our endowed funds. In addition, we established six new legacy funds, bringing our total to 40 permanent funds.

We completed a yearlong professional development program—the Shoreline Nonprofit Workshop Series—for non-profit organizations serving the Guilford community through a partnership with the Branford Community Foundation, the Shoreline Chamber of Commerce's Nonprofit Council, and the Guilford Savings Bank. The program included eight two-hour training sessions (four held in Guilford, four held in Branford), and each session averaged 42 people representing 26 organizations.

We moved forward to address Guilford's affordable housing gap. Outcomes included reinvigorating Guilford Interfaith Housing to serve as a local, independent advocate; supporting the Town of Guilford's application to the State of Connecticut Department and implementation of a grant to identify and analyze potential land parcels that can support and identify multifamily housing; and committed over \$30,000 in grants to support local organizations to address the issue.

These achievements are only made possible thanks to the work of our volunteer Board of Directors, our volunteer Corporators / Ambassadors, and—importantly—the support of the community. Your commitment to Guilford and to our mission of ensuring that resources exist to support our community forever is what makes this possible. Thank you for standing with us every step of the way.

Most sincerely,

**James Mancini, Board Chair  
& Liza Janssen Petra, Executive Director**

**\$99,747**  
in grants, scholarships  
and leadership initiatives

# Summary Statements

The Guilford Foundation grew to a record \$2.48 million in assets in the fiscal year ended January 31, 2017, helped by continued strong donations and a sharp turnaround in investment income. Contributions totaled \$365,179, less than fiscal 2015-16 when the 40th Anniversary Fund drive gifts boosted giving to \$438,000, but more than double 2015's \$148,000. Income from the Foundation's permanent investment fund rose to \$249,000, providing substantial assistance to grants in the community, which totaled \$99,747, up 26% from 2015. The Foundation also kept operating expenses in line despite the increase in income.

## GRANT HIGHLIGHT

# Environmental Support

In the wide world of Audubon Society chapters, competition for grant money can be as fierce as nesting fledglings fighting for food. That's why the Menunkatuck Audubon Society is thrilled with two TGF grants awarded in 2016, given from funds geared to Guilford's great outdoors.

"There's the National Audubon Society, there are all the state chapters, and we're just a little, tiny chapter among all of them," says Lorrie Shaw, society treasurer. "So when we found out about the opportunity to apply for a grant through TGF, it was just great."

A TGF legacy fund founder, Michael Bracken, first alerted society members to the opportunity. The timing couldn't have been better.

"We were in the middle of an Osprey platform build -- we've been rebuilding them for about three years now," Lorrie recounts. "The first one we rebuilt went down in the town marina area, and the Dock Master asked if we could help. It wasn't our platform; but the bird had laid eggs, so we went and fixed it. Well, of course, if you build it, they will come! People found out we were fixing platforms around Guilford."

The only thing the society lacked was money for materials. Telling Lorrie he felt "...this is a great Guilford project," Michael suggested trying for a TGF grant.

"It was so nice to work with Liza," says Lorrie of TGF Executive Director Liza Petra. "She helped us with filling the grant out and made it so easy."

The society received \$1,200 for Osprey platform repair and replacement costs, split between TGF's Michael B. & Maryann Bracken Family Fund and the Helen E. Downing Outdoor Education Fund. Thanks to Menunkatuck Audubon Society president (and Lorrie's husband) Terry Shaw, the award went even further.

"We're also pretty good at parlaying our funds," says Lorrie. "My husband has some great contacts, and doesn't mind asking for donations. We expected to replace three platforms for about \$400 each, but we were able to replace four platforms."

Next, the society turned to TGF for "Tern Cams" on Faulkner's Island, to keep tabs on protected Roseate Terns summering at the U.S. Fish & Wildlife refuge. While human visitors are restricted, locals love viewing Faulkner's iconic lighthouse, visible from Guilford Harbor.

"We were thinking about cameras for a while," says Lorrie. "We knew they were pretty expensive. We ran it by TGF, and they were very supportive."

TGF's Effie Good Fund provided \$4,550 to buy two solar powered, state-of-the-art high depth cameras. The first, installed by early 2017, was up and running in time to catch wintering Harbor Seals, to the delight of viewers following the live stream at the society's website. In May 2017, the second island camera was activated.

"It was the right moment in time to have TGF fund this," says Lorrie. "We're a small chapter; we could have never afforded it. The spectacular thing is that Faulkner's Island is a Guilford island. It's such a nice fit for the community to have the cameras there."

# The Legacy of the Guilford Institute

Under the auspices of TGF, the Guilford Institute Fund has transformed a slowing philanthropic effort into an invigorated support source for exceptional Guilford High School (GHS) programs and projects.

In 2014, Tom Pinchbeck invited trustees of the lagging Guilford Institute to consider joining TGF's impressive fold of legacy funds. As TGF president, Tom recognized the ease and effectiveness with which TGF legacy funds operate. As the son of a Guilford Institute trustee, Tom wanted to help the trustees more impactfully execute their mission.

---

***“It was a really nice fit. I think all the trustees at the Guilford Institute were excited to see this legacy move forward.”***

---

First, a bit of history. Established by Sarah Griffing in 1885 as a private school, the Guilford Institute became the town's high school in 1886. When Guilford's new high school (now Elisabeth Adams Middle School) arrived in 1936, the Guilford Institute ceased to operate – but its educational mission lived on.

“When the woman who owned it died, she gave the money in a trust,” Tom explains. “The trustees were instructed to oversee the proceeds, which on an annual basis were to be given back to the high school for special programs.”

Over time, less program requests were fielded. By 2014, “...it was phasing out,” Tom says. “My dad was still involved; and we both felt it would make a lot of sense to have TGF take this over. TGF was very active, and actively investing funds. The Guilford Institute had a decent amount of money; but wasn't very active anymore. We felt it could be a perfect mesh.”

Once the transfer was complete, the Guilford Institute Fund became one of six new TGF legacy funds established in 2016.

“It was a really nice fit. I think all the trustees at the Guilford Institute were excited to see this legacy move forward,” says Tom.

Tom credits TGF Executive Director Liza Petra with engaging TGF's Youth Advisory Board (YAG) to support grant implementation.

“Having them involved on the high school level has been great. There's a lot of new blood,” says Tom.

YAG co-chairs Josh Stern (GHS 2017) and Brendan O'Callahan (GHS 2018) helped encourage GHS community members to apply for the first round of grants.

“We spent a lot of time talking to individual teachers and organizations to help them learn about it this year and apply,” says Josh.

In May 2017, YAG successfully shepherded three grant requests to TGF's board. The largest award, over \$1800, delivers a plasma cutter to GHS Technology and Engineering students.

“It's a machine that teaches real-world skills that can be applied in manufacturing. It's going to give students really great job experience,” says Josh.

Additional 2017 awards will underwrite GHS Unity Club diversity awareness efforts and fund GHS Knitting Club materials for community basic needs projects.

“I think this fund is really great,” says Brendan. “The sole purpose is to fund certain projects by students and teachers that don't fall into the regular school budget. I think once teachers and students start to see the money being given, they'll get excited about it, and even more will try for it next year.”

# How To Give

Create a personal legacy in Guilford by **establishing a named fund**, for yourself, your family, or a loved one. The minimum amount required to establish a fund is \$10,000. To help reach your philanthropic goals, we offer an “Acorn Fund” option, which allows interested donors 5 years to reach the \$10,000 minimum.

If you are not ready to create a charitable fund but want to contribute to our efforts to enrich the quality of life in Guilford, **provide a direct donation of any amount at any time** to one of our existing charitable funds.

Finally, **consider a gift to our operating fund**, which allows us to maintain our visibility in the community; provide leadership around community issues; raise new dollars to invest back into the organizations that serve Guilford; and provide excellent stewardship for our existing funds.

Gifts can be accepts from cash, stock or other assets; bequests; or planning a future gift through your IRA or insurance policy.
